

## Back to School with StudentCover

---

With a new school year approaching, stationery and textbooks may be high on the list of items to invest in, but that's not all parents and guardians need to consider.

Unfortunately accidents and injuries are a part of our lives, especially if you have children. Many parents and guardians are too often surprised to learn just how little cover, if any, their children have when they are at school or play.

Accidents don't discriminate on the basis of age, location or school, and sadly children of all ages can suffer a whole range of injuries that can place enormous financial stress on their families. Each year in Australia 60,000 children are hospitalised with a wide variety and severity of injuries.

This is where StudentCover can be of benefit, giving parents and guardians a helping hand when they need it most, at an affordable price.

Here are our top 5 reasons to take out StudentCover:
